### Benefits of Direct-To-Garment:

Ink printing directly on the fabric creates a smooth feel when you touch the clothing. The ink goes straight into the fibers without a texture.

- Using digital software creates more design options, more intricate details, and can incorporate a wider variety of colors in the logo
- Can use a wider range of colored garments
- Quality of reproduction enhances with both large or small quantities
- Water-based formula decreases plastic waste from vinyl
- Time is decreased

Below Are T-shirt Prices Only. Heat press charges added based on size of design.
